OBJECTIVE

MCA student and Software Development Intern with experience in React.js, Express.js, Node.js, SQL, and MongoDB. Skilled in full-stack development, REST APIs, data processing, audit automation, and building scalable software solutions.

EDUCATION

MCA (Master of Computer Applications), Sanjivani University, Kopargaon — 2025 - Pursuing
CGPA: 8.4

BSC Computer Science, Shri SaiBaba Senior College Shirdi — 2021 - 2024
Savitribai Phule Pune University
CGPA: 8.49

EXPERIENCE

Software Development Intern — Aug 2026 - Present
GB Tech, Mumbai, Maharashtra
Developed an **audit automation tool** using React.js and Python to reduce manual effort in financial and statutory audit processes.
Built a **Prepaid Expense Audit module** for Excel-based data processing, automated calculations, validation, and variance analysis.
Implemented **reconciliation and recalculation workflows** to identify discrepancies between calculated and client-booked expenses.

SKILLS

Programming	JavaScript, Python, SQL
Frontend	React.js, HTML5, CSS3, Tailwind CSS, Redux Toolkit
Backend & API	Node.js, Express.js, REST APIs
Database	MongoDB, MySQL, Mongoose
Tools & Practices	Git, GitHub, Postman, VS Code, Agile, SDLC, Testing, Debugging
Concepts	Data Structures & Algorithms, OOP, Authentication, Database Design
Languages	English, Hindi, Marathi, Japanese

PROJECTS

Talent IQ - Real-Time Coding Interview Platform (Live) (GitHub)
Developed a full-stack coding interview platform using React.js, Node.js, Express.js, and MongoDB with modular architecture.
Built RESTful APIs, Clerk authentication, real-time video/chat using Stream SDK, and live code execution using Glot.io.
Designed MongoDB schemas and integrated Clerk Webhooks and Inngest for scalable user synchronization and backend services.

Popcornhub - Movie Discovery Platform (Live) (GitHub)
Built a responsive movie and TV application using React.js, Redux Toolkit, Tailwind CSS, and REST APIs.
Implemented search, infinite scrolling, trending content, global state management, and third-party API integration.
Deployed on Vercel with optimized state handling and responsive UI.

CERTIFICATIONS & ACHIEVEMENTS

MERN Stack Development Certification – The Kiran Academy, Pune — Jun 2024 - Dec 2024
Google Student Ambassador — Jun 2025 - Dec 2025
